PROJECTS

Footware Website ([footwarewebsite](#))

(Html, css, javascript)

Responsive e-commerce website developed using HTML, CSS, and JavaScript. The project showcases a modern online fashion store with product listings, category sections, and a user-friendly interface.

Food Website ([foodwebsite](#))

(Html, css, React)

Responsive web application built using HTML, CSS, and React (JavaScript). The site is deployed as a single-page application and runs entirely in the browser with interactive UI components.

Tourism Website ([tourismwebsite](#))

(Html, css, Bootstrap)

Tourism webpage is a fully responsive tourism website developed using HTML, CSS, and Bootstrap. The website is designed to showcase popular tourist destinations in India with attractive images, structured layout, and mobile-friendly design.
